“ *I remmember when our son Michael was about 2 years old and Buster left to go to the lake and fish. It was winter. They stayed at the lake for a long time sl walked to the lake to make sure they were alright. When I got there , I only saw Buster with a sheet of ice across a large poncho and no baby. I was frantic. He calmed me down quickly to show me a sleeping baby all bundled up and warm under the poncho. Needless to say, the baby never went fishing again. Buster, when he married me, took full responsibility for my son. He was not his biological father but he was indeed his father. My son is 45 years old and has never forgotten his father. We miss you and Thank you so much for being a part of our lives.*

Sincerely

Carol Jackson Minus and Michael Jackson
