

Mrs. Phoebe Ann Brown deAragon

December 2, 1951 - May 20, 2023

Phoebe Ann Brown-de Aragón passed quietly to her heavenly place while resting in her home. She was the daughter of Thomas Shrine and Frances Brown, but she was raised by her loving grand parents Florence & AJ Lambert from Kent Street in Mt. Pleasant, SC. She was a self made woman that strove to excel by educating herself first at Winthrop University with BS in Education and followed by a completing a Master's degree at The Citadel. Among her accomplishments, she was a teacher in the SC public school system, an advertisement sales professional with WCSC-TV Channel 5 and later with Storer Cable Co., she was also a weekend DJ for WEZL Radio, and sold insurance for several companies. Lastly she was an excellent swim instructor and coach for many years in the Lowcountry. Those that knew her realized that Phoebe would do anything for anyone whether she knew you or not! As such, we pray that she is at peace. She is survived by her only son, Francisco Xavier deAragon II.

“ Phoebe was a classmate of mine from the General William Moultrie High School Class of 1969. I will always remember her integrity, intelligence and salt of the earth personality.

I attended Winthrop College my freshman year and we rode together back to Mt. Pleasant because she had a car. Her kindness defines her legacy.

I regret she was not able to come to our 50th High School reunion- so many classmates asked about her.

Please know that the MHS Class of 1969 send heartfelt condolences to her family and loved ones.

I would attend tomorrow but I presently live in Montana.

Strong and Fine- WE were the Class of '69!

In sympathy,

Sissy Kirchner Seyle

“ I will miss my friend with her exuberant personality and love and kindness for all people and animals. I met Phoebe and Francisco back in 1998 at MLK pool. She invited me to train with them and before long we were good friends. She was the best swim coach and many days gave the neighborhood kids free swim lessons because she was concerned with how many kids drowned each year. She loved people and it showed. She also loved God and I know she's in Heaven with Jesus and the saints and one day I will see my friend again. In all these years, every conversation we had, had a Jesus moment. She lived a righteous, holy life. I loved Phoebe because she made this world a better place. God Bless her family and - prayers and much love to Francisco. Here's a pic from around 98-2000. Francisco is doing butterfly and that's Phoebe in the lane to his left, with the yellow swim cap on. I'll try to find others and share.

“ Dear Francisco and family, we met Phoebe in 1984 when she held an exercise class at our church. It was then that we found out that she was the area representative for the EF foreign exchange student program in which we were interested. Phoebe felt that we would be good host parents and recommended us. In 1985 our first student came. We had many good times with Phoebe and the students. She was a wonderful person. Rest eternal grant her O Lord and may perpetual light shine upon her. Our deepest sympathy, love and prayers. Ruth and Ron Padgett. North Charleston.
